

ENVIRA DISINFECTANT

Technical Data Sheet

Description:-

Envira Disinfectant is a Pine Oil and Hypochlorous acid based disinfectant which kills 99.9% of all bacteria and viruses.

It is used together with Germ Patrol™ and Sanigate™ to provide an atomising mist.

The Envira Disinfectant together with Germ Patrol™ and Sanigates™ propriety UVC rays and atomisation efficiently sanitize in seconds both on surfaces and in the air without the need of wiping.

Effective against bacteria, fungi, enveloped and non enveloped viruses.
