

THE GUARDIAN BAIT STATION translucent cover

versatile | cost effective | durable

includes our new
bait station key

PRODUCT FEATURES

With the Guardian Bait Station Translucent technicians will spend less time setting up an account and servicing bait stations. The extra time can be used to better inspect and evaluate rodent activity, implement exclusionary measures or simply to enhance account profitability.

HACCP COMPLIANT: The translucent cover allows for quick identifying of rodent caught or activity, without having to unlock the bait station. This will improve service speed and overall productivity.

FAST: Unique single unlocking key that allows for quicker servicing combined with a station that is strong enough to provide a high level of tamper-resistance.

HIGHLY VERSATILE: Baiting or trapping, the Guardian Bait Station Translucent offers multiple options to fit the needs of your customer. It can either hold 1 x Rat Snap Trap or Mini T-Rex Snap Trap, 1 x Liquid Bait Feeder or multiple bait blocks.

*Please note, the wax bait blocks, liquid bait feeder and snap traps are sold separately.

ALSO AVAILABLE WITH A SOLID BLACK COVER.
